Gravity

Gravity, gravity, if you go up then you'll go down
Gravity, gravity, it's the force that pulls you to the ground
Get a ball. Throw it high, and see where it will go
Watch it move through the air and come down so low
Jump up high. Try to stay suspended in mid-air
Watch out 'cause you'll touch the ground; gravity takes you there
Gravity, gravity, if you go up then you'll go down
Gravity, gravity, it's the force that pulls you to the ground
Take that ball and some paper crumpled up so tight
The ball is really heavy, but the paper is so light
Drop them both from way up high and see which one lands first
Gravity takes everything at one speed to the earth
Gravity, gravity, if you go up then you'll go down
Gravity, gravity, it's the force that pulls you to the ground
