I'm a Little Ice Cube

I'm a Little Ice Cube, Frosty and Square, I Make Things Icy Cold Everywhere
If It Gets Too Warm, I Better Watch Out, Because I Will Melt, There is No Doubt

Gravity

Gravity, gravity, if you go up then you'll go down
Gravity, gravity, it's the force that pulls you to the ground
Get a ball. Throw it high, and see where it will go
Watch it move through the air and come down so low
Jump up high. Try to stay suspended in mid-air
Watch out 'cause you'll touch the ground; gravity takes you there
Gravity, gravity, if you go up then you'll go down
Gravity, gravity, it's the force that pulls you to the ground
Take that ball and some paper crumpled up so tight
The ball is really heavy, but the paper is so light
Drop them both from way up high and see which one lands first
Gravity takes everything at one speed to the earth
Gravity, gravity, if you go up then you'll go down
Gravity, gravity, it's the force that pulls you to the ground

Autumn is Here

{Have You Ever Seen a Lassie?}

Naming the Parts of the Body

{Twinkle, Twinkle Little Star}

If a Bird You Want to Hear You Have to Listen with Your Ear
If You Want to Dig in Sand Hold the Shovel with Your Hand
To See an Airplane as It Flies You Must Open Up Your Eyes
To Smell a Violet or a Rose You Sniff the Fragrance Through Your Nose
East & West & North & South, To Eat or Talk You Use Your Mouth

Ten Little Fingers

I Have Ten Little Fingers, They All Belong to Me; I Can Make Them Do Things, Would You Like to See?
I Can Shut Them Up Tight, I Can Open Them Wide; I Can Put Them Together, Or Make Them All Hide
I Can Make Them Jump High, I Can Make Them Jump Low
I Can Fold Them Quietly, And Hold Them Just So
